“ My brother John gave me the gift of music. Anyone who knew him knows was the biggest beatle fan. Here is his eulogy.... If you are a Beatles fan .. you will understand ... Goodbye my brother .. until we meet again

Yesterday

All my troubles seemed so far away

Why you had to go I don't know

Pools of sorrow, waves of joy are drifting through my open mind

Your sounds of laughter shades of life are ringing through my open ears inciting and inviting me

To let you into my heart

So you can start to make it better

in my hour of darkness as I carry this weight upon my shoulders.

I know John you will shine until tomorrow and take this sad song and make it better

And all the broken hearted people sitting in this room agree that your limitless undying love shines around them like a million suns as you fly high across the universe

For though we may be parted, there is still a chance that we will see that the long and winding road that leads to your door will never ever disappear.

So my sweet brother,

Let those Golden slumbers fill your eyes and Take your broken wings and learn to fly  
I'll love you forever and forever Love you with all my heart. We loved you whenever we were together and we loved you when we were apart

Life is very short but in the end the love you take Is equal to the love You make  
It's time to say goodbye but Believe me when I tell you In my life I will often stop and think about you

Because bright are the stars that shine dark is the sky

I know our love will never die....

“ Johnny...my brother...my dear friend. You've never been my easiest person, but you were always worth it. I will forever miss your "what's uppp?" When you called. My heart is broken and I am struggling with the idea that you are gone. I love you babyboy.XOXO
