“ My deepest Sympathy to Ming's Family. My Thoughts and prayers are with you. One of the things I'll remember most since I started with United in 96 is Ming's Voice, never failed to bring a smile to my face when he answered the phone Always with " Hanger or Terminal Ming " I had that rare opportunity to have Ming back in our Shop in EBU for a brief while. You will be truly missed but never forgotten Rest in peace my friend.

“ I was given the nickname “Ming Jr” by our fellow sub-United technician before I even met Ming during our merger a few years back. Then a few days after that I saw Ming in the hallway and realized why they call me that. I guess our body structure and full head of gray look alike. I went up to him and said “ You must be Ming, I’m your son.” We had a good laugh.

Even though we don’t work together in the same crew, I can always call Ming for technical advice. He is always willing to help. His leadership and knowledge play a tremendous role in our operation and will sure be missed.

My deepest condolences to the Ming families and friends. May he Rest In Peace.

“When someone you love becomes a memory, that memory becomes a treasure”.

One memory of what an incredible brother Ming was to me was from our childhood in HK. We went to see a movie together and learned that we only had enough money for one ticket. Ming gave up seeing the movie so I could enjoy it. Even as a child, he was selfless, loving and generous. In this treasured memory, I will forever be reminded how lucky I was to be his sister. I will always love you.

“ It was an honor and blessing to have known and worked with Ming over the last several years. He was loved by all and looked up to with all the support and help he gave to so many of his United family. It was heart breaking to get the call informing me that he had passed on. Deepest sympathy goes out to all of his family. Ming will be remembered by all of those he has touched for many years to come. May he Rest In Peace

“ As many of his former co-workers have said here, I will echo those thoughts; Most of us came back to the NY area in 1986 and Ming was one of the 1st guys I worked with and then became my Lead at JFK. He turned out to be one of the best Leads I have worked for, and still some 30 plus years later, has shaped and influenced my career here at United as I'm sure he did many of us. His simple words of advice or guidance, "Hey Guy, try it this way" or something to that effect are words I can still hear him say to me. My Deepest condolences to Ming's entire family and network of friends.

“ Dear Family and Friends,

Words can't describe how sorry my wife and I are for your loss, and while words can only somewhat comfort, we are praying for the peace of God for you and your family. We also pray that loving memories of Ming will bring you strength when you need it most as I know it will for the extended family Ming had at work. Quite simply put, it was an honor to have worked with Ming; to which everyone he came in contact with I'm sure would agree.

With Blessings,

“ Our hearts and thoughts are with Mings family, loved ones and friends. We are so sorry for your loss. I want to share a memory of Ming that has stuck with me all these years. The first time I met Ming was the year I transferred back from San Francisco to JFK he was working on a 747 terminal 'A' the year was 1986. Since then I consider Ming as one of the most honorable men that I have ever met. Ming was not only a co-worker. He was one great friend. We will miss you God Bless.

“ Our Hearts and thoughts go out to the Seto family. He was an incredible guy with a warm heart. I learned a lot from him through the years. I used to call him "Main man Ming". As a lead. He would be straight forward and accomplish his job with the highest level of professionalism. We will be deeply missed and his memory will last a lifetime. RIP you will be missed

“ My deepest sympathy for the Seto family Ming is also part of the United family. We saw each other almost daily for over 30 + years. Working together with much respect made the job much more simple to accomplish. It leaves a deep void in my heart. RIP ! MASTER MING .

“ My deepest sorrow to Mings family and you all all in my thoughts and prayers at this very sad time. Ming and I have worked together as leads for 25 plus years and he always watched out for me in many situations. He was a great lead but a greater friend who will be missed tremendously by me. He was always there to lend a hand to someone in need. As he subtly reminded us that he was #1 he will always be #1 in my heart. Rest in peace Master Ming.
