“ I am extremely grateful to all of you who spent time with my brother Al. I am also grateful for the memories, stories, and experiences you shared and that he was loved. He was a one of a kind guy and had a profound impact on many. He was a perfectionist and took on massive responsibilities at a young age. He did many tasks for a lot of people and would accept whatever compensation they would offer. That quality and determination is visible from every window at our home.

From my family to yours we would like to say thank you for giving my brother Al the opportunity to use his talents to put your dreams in three dimension. The depth of his absence is a roller coaster of emotion, but the Lord called him home and he is not in pain anymore.

Thank you for your prayers and compassion for our family.

With much gratitude,

Mike Guglielmo

“ The two oldest friends I have, Mike and Alfred. When Lakeridge West was a new neighborhood we became friends and shared many, let's say "adventures". Al from an early age showed us his passion for cars and the gift he had for bringing out every bit of horsepower and planting it to the ground followed by a symphony of smoke and sound. We knew this to be a witness of perfection, man and machine. Always there for family and friends. We are diminished.

“ My condolences to you Michael and your mom and your family. This is Rob Ziegler - ZIGGY - As you would say and as John Hauser would say when I got on the bus in the morning..... I remember Alfred and my late brother Kenny racing up and down the streets of Lakeridge West in matching 69 Chevilles -what an awesome sight and sound. I also loved going for rides in the "Ratty Deuce" (I also remember you taking me for a ride in your yellow 70 454 Corvette-Awesome). Alfred would pull up in front of my house and rev up his engine in his red dump truck and we would go to see Ann at that Madison Newspaper store, across route 9, way in the back, and get bacon egg and cheese sandwiches and a cup of coffee and then we would go to work. I remember him building the green one dump truck too. We worked on many projects in Old Bridge. I spent many hours with him plowing St. Ambrose parking lot and many streets. He helped me rebuild my motor in my 74 Dodge Colt - a few times !! My first engine work with him was on one of Mr. Hausers school buses. Alfred was tough, but so playful at times. We spent many hours together - and with you. The log splitter incident - you probably don't remember but I certainly do !! Alfred was really the big brother I always wanted Kenny to be for me - (That's why I moved to Cal. to be with Kenny). I'm sorry I did not get to know him in our later years.... He really helped shape the person I am today with the talents that I have - that I use every day at work. He was so skilled in so many areas. What a loss..... I am so sorry - I do hope he had a good life.... I hope he found some love.... most of all - I hope he knew Jesus Christ as his Lord and Savior. I can't wait to see him and everyone else we have lost - way too soon !!!!

Would love to catch up if you are up to it - My e-mail is Robzhope@hotmail.com or 714-328-8943. I wish I was in the area.....
