“ *Thank you all again for the sense of family community and communion that you've so eloquently demonstrated in Honor & Celebration of your mom's life among us mortals. Her reception to heaven by our loved ones that have led the way should help us shadow the pain of loss. I feel privileged to have represented the Torres family that could only be here in heart-felt spirit and blessed by the experience shared. My wish is that we stay in touch and that we break more bread together soon. My prayer is that in Purin's death... brotherly love, compassion and forgiveness will be resurrected in all who remain. Love always,Ralph & Family*

“ *My family, just remember the energy that she had and the love that she share with all of us. Remember all the parties in Long Island with the Garcia's, the Suco and the Zalduondo. Our own little Puerto Rico. What memories what wonderful times our families spent together as we children were growing up. Little by little we all leave only to set up house with our Father, through him Jesus Christ can we continue this party. Just think of your mom and my mom together again. I love you family lets us pray and let's embrace life celebrate to the fullest and give thanks. Wally*

Slowly but surely we will all go to be with our father Jesus Christ and meet up with the family. Your mom and my mom are together with the rest of the family waiting for us to arrive.
