“ Shelly and Family , With my deepest sympathy and love. You live life to the best of your ability , and during your life you cross paths with many people. Some you simply meet in passing and others make a lasting impression on you. Don has and always will be a positive light in my eyes. I had the pleasurable opportunity of being able to have him as a friend. I had the chance to coach our sons together in little league , catch a Cowboy game and back him up on our team , when we would be heckled for being jersey guys routing for the Cowboys. He never said no when you needed a hand and he would always stand for his position on things no matter the odds. Jay , As if you don't already know , your Dad was not just a good man , he was great man. Hard working , and well respected. if the people in this world could learn to be just half the man he was , this world would be a better place. So to my friend Don , I say this , the people you touched and lucky ones that had you as a friend , will carry on , hoping to pass on the qualities you have to the others around them. God Bless you and God Bless your family , With , Love , Admiration , and Respect , Bill Tolentino
