“ My thoughts and prayers are with the Malaquias family during this most difficult time. I will always remember your Dad's smile when all of us girls were going out for the night as he watched us leave for the evening...

“ I knew Frank from his years subbing at the high school. When he found out that my mother had been seriously ill, he thought to ask about her every time I saw him. He was a kind and gracious man. My heartfelt condolences go out to his family.

“ Frank subbed for me many times but what I remember most were the times we sat together outside the cafeteria talking about things happening in our lives. I also remember our laughing together as we read excerpts from the latest Billy Crystal book during lunches we shared this past year. I will miss his warm smile as will anyone who knew him.

“ It's difficult to find the words to describe my sadness at the loss of a great friend and neighbor. You never saw Frank without a smile. His laugh was infectious. He was the epitome of a gentleman. He cared about his family and his community. My daughter had the privilege of having him as her sub on more than one occasion and always came home with a happy "Frank was my sub today". To my friend Joyce, I hope you find peace in knowing how much Frank was loved by all. Nicole and Scott, I hope you find comfort knowing how lucky you were to have such a wonderful father. As for me, I was proud to have known Frank. Jack and I loved him and will miss him. Rest in Peace. Love, MaryAnn & Laura Gorman

“ I worked with Frank at Sayreville High School. It is not easy to 'charm' teenagers --but that's exactly what he did. The students loved him and when he became ill, they were very concerned about his well-being. I will miss him. He was a wonderful man. Linda Jakubik-Tanchyk

“ Frank worked as a substitute at our high school and always came to work with a smile. He knew my parents and would always ask me how they were doing. He was such a considerate person and will be missed greatly at the high school by the teachers and students.
