“ I was devastated to have learned from my sister (in Staten Island) that Jonathan had passed. We, i.e., my parents, sister and I knew Jonathan as a tiny little boy and watched him grow. He surely was the cutest kid ever, and had the sweetest disposition of any child I ever knew. I especially remember the day he was awarded a black belt in martial arts.as a young boy. All of us could not have been more proud of this wonderful achievement.. When I moved away I lost touch with the Staffile family, but would occasionally get updates from my dad who adored Jonathan. His immediate family, i.e., his sister, mom and dad are the nicest people you could meet. I feel terrible for them, and everyone who really knew and loved Jonathan..May God keep him in his embrace for eternity. Gene Albelo

“ *I feel there are too many memories for me to list just one. From the entire summer we spent together hanging out in my backyard before I moved to California to the times we had when ever I came back. Especially this past winter when you needed me the most...I'm just glad I was able to be there for you. And though that was the last time I was able to see you face to face, in lieu of the fact I missed being able to see you by a couple of days...you will always be there with me in the memories that we have shared. The times that we did spend together. And though it seems these memories are all we have left, I remain content that they are some of the best I've ever had. May we one day meet again my friend. Until then, may your family find peace in knowing that your struggle's over bro...so rest now, in peace.*

“ *I remember trying to get to Ostap's house to get tattoos with Jon. It was late at night and dark, we kept missing the turn on route 9 and having to turn around at least 5 or 6 times. He was hysterically laughing while I was having a total meltdown. Every time I look at my tattoo that we got that night, will remind me of him and laugh at the memory. And appreciate having had the pleasure of being his friend.*
