“ *I can remember the time me and David borrowed his car and put diesel in on accident. We left him 5 dollars and his keys and ran to wildwood for a week. David called him to make sure he wasn't going to kill us and he told us to come home and he said he would fix it and pretty much that was it. If that don't show what kind of patience this man had. Amazing. I will always love you my brother rest in piece until we meet again.*
