“ Just want to say thanks Joey for all you did for me. I got lucky one day and was fortunate enough to land a job at Schwab on the NYSE Trading Floor. I had no idea what the place nor what the business was all about. With your easy going style, patience and good nature, you took me under your wing along with Miriam, Annmarie and Larry. You taught me and helped me along on my path and I ended up having a long career. I cherish the relationships we were all able to have. I will never feel the way about any coworkers that felt about you guys back then. We were like a family. Life moved on and we all went our separate ways but the bond we had will never go away and losing you hurts so much. I will remember the good times, jokes and pranks as I think of you and remember how you always did a great job and handled everything they could throw at you. Thanks Joey. Rest easy my friend.
