“ I miss you everyday bro but for as of the last week or two I'm wishing that we could just hang out and joke about everything because I don't think I have ever met anyone that could make anyone laugh on command. No matter the situation. They say time heals all wounds but all this time later and it makes me so sad when I think about you actually being gone forever. You were truly of a kind you crazy joker. I miss you so much man. Love you and really hope I see you in whatever comes after this brother. -Froz

“ Finally got this photo of us off my old broken phone. We were at the PBA in 2016 I think. Great photo of us.
Missing you so much lately it's not even fair. Times have been rough and I know it wouldn't be like this if you were here.
Please come back

“ Happy Thanksgiving Brother. Hasn't gotten any easier without you hear, only harder to be honest. Thinking about you today like everyday. Picturing you eating to much ham and running around with all these kids. Really miss you. Thanks for all the luck and protection you've given us since you've been up there. Just would rather have you down here with all of us.

“ Well, this hasn't gotten any easier. I'm pretty sure it never will. I miss you every single day. I never thought I'd have to live without one of my brothers. Never thought mommy and daddy would have to live without one of us .. I thought you were bulletproof, out of all of us.

I talked to Emmy and Josh today. Bought them sonic, lol. Emmy showed me a unicorn toy that you got for her. Almost made me cry. Almost everything makes me cry these days. I'm a whole new sad, disorganized, depressed messy person :(I just wish that I could talk to you, or see you again. I'd give anything in the world. Mommy's right. You've got to be the most loved angel in heaven. Being without is the hardest thing any of us have ever done. & we're all ready for the day when we can be together again. Bless our family, keep them safe. & know that we're thinking of you every day. We love you, Joey Peanut. See you on the other side of the stars. Love, you're favorite little sis

“ Everyday I wake up I wish that was just a dream. I wish I could call you one more night to ask you how your day was. I wish I could get just one more good morning text with an “ I love you baby sis “. I wish you were given more time with us. I'll never understand why this happened but I'll never stop loving you. You've taught me so much and I could never thank you enough. You've showed me unconditional love my entire life despite how much of a brat I could be at times. I couldn't wait for you to come home when you were away and I'm sorry I wasn't home to welcome you. I hope when you look down on me you're proud of the person I've become :(& I hope you welcome me with open arms and big hug when it's my time to come home to you.

I love you Joey peanut. I will never stop loving you.

“ Although I did not know J. Osmond personally my heart ache every time I read of someone so young and full of life passing away leaving wife and children behind. I hope they can keep him alive as the reminisce on the great mementoes he left behind. Rest assure that God will be with you and will guard your heart as He strengthen you while coping with your lost. *Philippians 4:6,7*
