“ *A fun and happy part of my childhood was growing up in Oakley Hill. We were the original group of neighborhood kids that were together every day after school. Mark was always at the center of our acorn fights, the blue vinyl sphere and hanging out on the "green box". So many fond memories. God bless you and your family.*

“ Mark, I couldn't have asked for the best son in law, a perfect husband and children for your family. You are one of a kind, highly intellectual but humble, you have a beautiful heart and willing to help anybody who came to you for help. You are God's greatest gift to mankind and nobody can ever replace you.... God can benefit from having you in heaven for major decisions. Ever since, I can remember you were teasing my daughter that you were born to be right all the time. You will always be loved, cherished, remembered and missed as well... love, Mama

“ Mark is a highly intellectually human being I've ever met but very humble as well. Having him as my only son in law, is a blessing to our family. He was very caring, loving and extremely kind to anybody who would ask him for help. My only daughter Chona has been very fortunate for all the love that they both shared with each other along with their four beautiful children who all possessed the best traits from their mom and dad. Mark is not only a kind hearted person but very unique. He used to tease my daughter that he was born to be right and that he's the man, never a dull moment. Knowing Mark is in heaven now, he's probably having a wonderful time helping God with His decisions when it comes to all our prayers and making God laugh all the time because of his amazing sense of humor, as his mother in law, Mark is perfect in all aspects and nobody can fill in the spot that he left in this world, he will always be remembered, cherished and loved by our family and his own wife and children

“ I used to work with Mark in 2003 and 2004, but he was the kind of person you don't forget. I am very saddened to hear about Mark's passing. He was the proudest father, who spoke constantly in glowing terms of his children.

“ Chona, please accept my condolences, I just heard about Mark's passing. I so enjoyed working with Mark for years at AIG, and meeting you and the kids. Though we fell out of touch when I left the company, I have always fondly recalled Mark's infectious laughter and sharp wit. Michael and I will keep you and the kids in our prayers during this difficult time.

“ Our thoughts and prayers are with the Petzold family as they bear this tremendous loss. We were neighbors of the Petzold's in Jackson and remember the Halloween movies and Mark's smile and sunny disposition. May you find comfort in the love and support of your friends and family as you entrust Mark to the tender embrace of God.

“ I have many fond memories of Mark dating back to high school chemistry class through our mid-twenties. He would take it upon himself to conduct forbidden experiments; as his lab partner, I would somehow take the blame. With his big smile and gift of gab, Mark was frequently able to charm his way out of tough spots! I remember spending a post-college Fourth of July with Mark and Gale Gross. He had arranged for tickets to see the Yankee double-header, which also featured fireworks and a Beach Brothers concert. That was the Mark his Jackson friends knew: thoughtful, fun-loving and always up for an adventure. While we lost touch years ago, it's wonderful to see the loving family he built that will carry his spirit forward. Rest in peace, Mark.

“ I look back with fond memories when we pledged TKE together. As I sit here and think back of those days, I have a large grin on my face. I am thinking about things I haven't thought of in 34 years. What great times we had in college being part of the brotherhood together. Those really were the days! Rest in peace my brother. Yours in the bond for life. In this one and the next one.

“ I have many fond memories of Mark from high school. Rest in Peace Mark.

Gale Gross-Katz - January 29, 2012 at 12:00 AM

“ Mark's wide smile and gift of gab got him out of many scrapes in high school. When as a prank he devised his own experiment in Chemistry lab that went awry, Dr. Russoman let it pass. Always thoughtful (and fearless), he let me practice driving his green Galaxy before I had my license. For Gale Gross-Katz and me, he planned a post-college Fourth of July outing that included a Yankee game, fireworks and a Beach Boy concert. From the photos on this site, it's clear how much Mark's family loved him. My sincere condolences on your loss. Rest in peace, old friend.

“ Mark was member of Tau Kappa Epsilon (TKE) and Tau Omega Phi Fraternity and my pledge brother. We were both inducted on November 18, 1978 the fall of our freshman year at Rowan University (formerly known as Glassboro State College). The attached picture was taken on November 18, 1978, Mark is seated dressed in black with a red carnation on his shirt. It's hard to explain the special bond we all shared, it was forged by great, really fun adventures. Adventures which very few people get to experience during a life time, were common place when men in the fraternity got together. Mark was and always will be a part of those times and my life, my prayers go to his family.
