“ *Mark was a 'Z' and I was a 'V'- we were together every day of every year of school K-12 and he comes to mind often, especially whenever I hear Blind Melon. I always hoped to cross paths with him again, to see one more smile, hear one more laugh. But I will carry his memory close to my heart always.*

“ Mark will always be one of my most favorite humans. I have never known anyone with a heart as tender & kind. The most selfless and passionate guy. I am so grateful that I've had the opportunity to know him since my teens, and have made so many memories that I will keep in my heart. I'm deeply saddened that this world lost him too soon, but he lives on in all of the people he has touched. Most of all, I admire the love he had for his mom, Elizabeth. I will miss hearing his infectious laugh and all of our inside jokes. Until we meet again darling, rest peacefully. I love you, always.

“ Mark was a very special friend of mine. He meant the world to me and I know the feelings were mutual. His smile and his laugh was addictive. He could absolutely light up a room with it from a mile away. He was always there for me when I needed someone the most. It was almost intuitive. I wish I could have been there more for him especially towards the end, and I'm sorry I wasn't. I am really going to miss his random calls and texts and his voice and his existence on this earth more than you know. Mark, thank you for being one of the best friends that I have been known. Thank you for always being there for me guiding me. I'm sure you will be a guardian angel along with my mother. Our soul connection is beyond our existence and always will be. "Love and light" I will miss you more than you know and treasure our memories forever. My condolences to his family and friends as well. ❤️
