“ *She was always welcoming. Her door was always open. She loved her family with a fierceness and would defend them to the end. She loved her work in the PTA, and the work she did in her NJ community. I remember when she started working for Methodist Hospital. She loved that job. When her mom passed, a part of her went with her. She loved her grandkids. She was proud of them and their achievements. She loved the people they were becoming. Please remember that Kaitlyn and Madison as you get older and memories of her fade. Anthony and David, you boys were her life. When things seemed to be crumbling, you were her purpose. She could do anything if it meant you guys were ok. I loved her and always will keep her in my heart.*

MaryLou has been a very important part of our Silver Stitchers knit and crochet group since she moved to our Silvermead Community. She's always been quick to offer help. She loved learning new stitches and designing her own projects. One of the things I admired most about MaryLou is that she never gave up; she kept on practicing and doing her best. She was a beautiful woman and supportive of everyone. She will be missed by all who had the honor to know her. We all loved MaryLou.

Rest In Peace sweet lady.

When she came to NY to help grandpa with the cats, I spent every evening after work with her. We would sit and talk and I would teach her crochet stitches. She would tell me about the things she was involved with at Silvermeade. She loved it there and her new friends. I loved the time we spent together.

I never heard Mary lou say an unkind word about anyone. I enjoyed playing shuffleboard with her and going to the casino with the senior center. I can't crochet anymore but she made me a winter hat.
