“ I remember Noreen when I was in rehab back in 2020 for 4 weeks me and her used to have breakfast lunch and dinner together and I would sit with her till she went to bed we would talk about her family and her dog she would always ask me how my son was doing she was the only thing that kept me going into rehab and I always loved helping her she loved her ice water with her special cup and her chocolate pudding my heart hurts to hear this loss because I never got this visit and say goodbye to her she was like my other grandmother or felt like a grandmother while I was there we were in the room next to each other in the Venetian rehab in South Amboy
