“ Norma, you were one of my dearest friends. Friends from the moment we met twenty years ago at Carl Sandburg M.S., how time goes by so quickly. I could always count on you for your advice and understanding, always there for me when times were difficult and happy. We even had an unforgettable vacation in Germany and Paris with my cousins, Connie and Gene. The many excursions we took and daily outings will never be forgotten. You enriched my world through your words, actions and example and were always an inspiration to me. Knowing how I am about "signs" in my life, I'm counting on you, along with my mom, dad and sister, to guide me in making the right decisions. Always and forever, you were the "sunshine" of my life.

“ Norma was such a pleasure to be around. She never passed judgment, and loved everyone just the way they were. She would tell me "Don't be normal, normal people are boring". That comment made me laugh and is one of the many reasons why she was so easy to be around. The fact that my daughter adored her so much brought joy to me. She will truly be missed.

“ I was truly blessed to have such an outstanding mom . Thanks for raising not only myself but Ariana too. U gave us both everything a mother would give their child and so much more. I am truly grateful for having the best mother ever. We will always love u. Thanks for being my mom and my best friend. You were so courageous and strong with your battle with cancer. When I asked I wonder why u? Your response clearly showed how u lived your life. Because I'm a star. God picked you for that reason.

I will hold close our wonderful litte chats and the helpful advice you have given over the years. And.. to your family, I found this quote, "Perhaps they are not the stars, but rather openings in Heaven where the love of our lost ones pours through and shines down upon us to let us know they are happy."

She's the best person I have ever known and I can't thank her enough for raising me the way she did. Tons of love, laughs and encouragement. She never let me down and even if she had lived another thirty years I am 100% certain I'd say the same exact thing. I LOVE YOU, MOM.
