Those special memories of you will always bring a smile, if only I could have you back then we could sit and talk like we use to do. You meant so much to me and my family, you were like my sister that was taken away. The fact that you're no longer here will always cause me pain but at least we had such great times together. You'll always be forever in my heart "until we meet again my soul sister." Love you always Pam.

I still can't believe your gone. Knowing that you aren't in pain anymore brings comfort but your not here. It's summer and I miss our time near the fire talking about anything and everyone. How i miss you my sister Love you until we meet again
