“Roxanne was such a bright light, she really knew how to lighten things up when things got stressful at work. The best part of many of my day was having lunch with her and being able to talk about pretty much anything. She loved her family so much and lit up when she talked about her niece, nephews and thier children. She was always full of good advice and stories from her past and how life then was so much different than it is now. She helped me get through one of the hardest times of my life when I lost my grandmother and was there for my wedding, she was one of the best friends I have ever had. My heart goes out to her family, I know things will never be the same, now she's with her husband who I know she missed deeply, and now we will all miss her.
