“ *Jim,*

I know the time has gotten away from us, and we haven't been in contact for many years, but I have been following Sean's journey on Chuck's page.

I am deeply saddened and find myself crying even as I type this message.

My heart goes out to you my friend, and your family. We will continue to pray for you that the Grace and Peace of God be your portion, during this time of mourning.

*Hugs and Kisses to all The Boyle's!

“ Rest in peace my angel. You have touched my life in more ways than you will ever know..I will never forget that beautiful twinkle in your eyes and the way that you would make me laugh..I will miss you every day of my life. You will forever be in my thoughts and in my heart. I will always be so proud to be your sister and to have watched you grow up. I remember the days when you were running around with so many friends, playing in the woods..being a little boy. I watched you grow into the handsome, loving and absolutely hysterical man that you became. There is NO ONE on this earth that can compare to you Sean. The love i have for you is so deep and will last an eternity. There is something so truly special about you and the way you made me feel will never be forgotten. I love you with all of my heart. Watch over me in everything I do..I know that you will always be with me. Thank you for making such a difference in my life Sean and for giving me the best 21 years as your big sister. You have taught me more than you know about life, family and love. I am forever grateful and I love you more than words can ever express. ❤️❤️❤️

“ *My brother the best brother you can ask for . God has gave me the most loving caring funniest brother ever I'm soo lucky to be called his sister . So sad to see him gone soo soon but like I said it not good bye it's see u later . I soo many memories from him . Just how me and him played football together when him and his friends needed an extra person I was always there . And from sleepover when we were small . And beach trips . I can go on and on with all the good memories. My heart aches from the pain I wish I could just wake up & this was all a dream and I could just hold him tell everything okay and tell him I love him soo very much .But God has granted a beautiful angle and now I have my angle to watch over me and be with me wherever I go. I love u buddy my best friend my brother my fighters , my angle . The greatest friend you will ever meet and whoever have known him knows how great of a person he was and still is .*
